## SUMMARY

Proficient and detail-oriented Web Developer with 2.1 years of experience in designing, developing, and maintaining responsive and dynamic websites and applications. Skilled in front-end development using technologies such as HTML, CSS, JavaScript, and React, React-Redux.

## WORK EXPERIENCE

### REVOLUTION GAMES PRIVATE LIMITED [November 2022 - January 2025]

- Proficient in scalable Redux architecture using slices, middleware, Reselect, normalized state, and Redux Thunk for side effects.
- Experienced in integrating Redux with React for seamless data flow, maintainable codebases, and optimized component performance.
- Proficient in implementing client-side routing using React Router for building seamless single-page applications (SPAs).
- Proficient in using React hooks (useState, useEffect, useContext) to build dynamic and efficient functional components.
- Experienced in using design systems like Bootstrap and media queries to build responsive and consistent user interfaces.
- Strong communication skills; actively participated in daily stand-ups and ensured timely feature delivery in Agile-driven environments.

## PROJECTS WORKED

### PLAY REVOLUTION GAMES

- Developed a web platform hosting 100+ Unity WebGL games integrated seamlessly using **react-unity-webgl**.
- Built a responsive UI with React and Bootstrap, optimized for desktop, tablet, and mobile platforms.
- Integrated Unity WebGL games with React to deliver an interactive online gameplay experience directly on the website.

### WINLOTT

- Developed a lottery project for Win-finity Gaming Pvt Ltd( India client project), featuring both admin panel and client-side.
- Displayed upcoming lottery ads and daily results for user convenience.
- Used **@react-google-maps/api** to display and track nearby lottery store locations on the map, enhancing user experience.

### QRDIN

- Developed a QR-based food ordering platform enabling users to scan, view menus, and place orders.
- Used Redux Toolkit for efficient state management and secure API access.
- Built and deployed a real-time admin dashboard to Vercel.
- **Admin Panel:** <https://qrdin-adminpanel.vercel.app/>
- **QR Redirect Example:** <https://qrdinn.github.io/Qrdinn/#/userid/26024d74-1007-4ab1-a68e-b5c7d1056f7a/tableid/1>
